This section is designed for learning the letter 'i'. It features a large black 'i' on the left. To its right, a red-outlined 'i' shows stroke order: a red arrow labeled '1' points down for the stem, and a red arrow labeled '2' points down for the dot. Further right is another red-outlined 'i' with a dot. Below these are three rows of handwriting practice on a four-line grid (top blue, middle blue, bottom blue, bottom red dashed). The first row contains two solid black 'i's followed by 15 dashed 'i's. The second row contains 15 dashed 'i's. The third row contains 15 dashed 'i's. Below these are three more rows of empty handwriting lines for independent practice.

This section is identical to the left one, providing a second set of handwriting practice for the letter 'i'. It includes a large black 'i', stroke order diagrams, and multiple rows of tracing and independent writing on a four-line grid.
